

ARTICLE TITLE	AUTHOR	PUBLICATION DATE	JOURNAL/PUBLICATION NAME
Carcinogenicity Assessment and Risk Management Strategy for Biological Products	Zhang Sucai, Miyada, Sun Yunxia, Sun Tao	December 2022	Drug evaluation study
Quantitative Determination of Anti-CTLA-4 Monoclonal Antibody in Cynomolgus Monkey Serum by ELISA	Li Qinglian, Wang Bin, Xu Nanan, Wang Ning, Sun Yunxia, Li Kang	July 31, 2021	Journal of Pharmaceutical Analysis
Determination of concentration of anti-PD-1 monoclonal antibody in cynomolgus monkey serum by ELISA	Gao Yan, Xu Nanan, Wang Ning, Song Jing, Zhang Cuining, Sun Yunxia, Li Kang	April 30, 2021	Journal of Pharmaceutical Analysis
Introduction and discussion of FDA's procedure for "Special Protocol Assessment" for carcinogenicity testing and related regulations	Huang Li, Zhang Sucai, Dai Xuedong, Sun Yunxia, Sun Tao, Yao Dalin	September 14, 2020	China Pharmaceutical Affairs
Discussion on the implementation of ICH S1 guideline based on the new drugs approved by US FDA in recent five years	Zhang Sucai, Yao Dalin, Sun Yunxia, Sun Tao	November 2019	China Pharmaceutical Affairs
Preliminary analysis of leukemia cases in long-term toxicity test of Chinese herbal compound preparation in rats	Wang Fang, Zhang Sucai, Wang Beibei, Zhang Huiming, Wang Hemei, Sun Yunxia	November 2019	Proceedings of the Fourth Annual Academic Conference on Toxicology and Safety Evaluation of Traditional Chinese Medicine and Natural Medicine of Chinese Society of Toxicology (2019)
Enlightenment from a number of oral preparation compound Chinese herbal natural medicine 26-week long toxicity in rats	Jinling Ma, Yunxia Sun	November 2019	Proceedings of the Fourth Annual Academic Conference on Toxicology and Safety Evaluation of Traditional Chinese Medicine and Natural Medicine of Chinese Society of Toxicology (2019)

ARTICLE TITLE	AUTHOR	PUBLICATION DATE	JOURNAL/PUBLICATION NAME
Analysis of Intestinal Bacteria Data and Its Application in Traditional Chinese Medicine	Weiqing Kong, Yunxia Sun	November 2019	Proceedings of the Fourth Annual Academic Conference on Toxicology and Safety Evaluation of Traditional Chinese Medicine and Natural Medicine of Chinese Society of Toxicology (2019)
Practice and Thinking of Non-clinical Safety Evaluation of Lysomavirus Drugs	Zhang Sucai, Gongtian, Zhang Dongxia, Qite, Sun Yunxia, Jiang Dejian	September 2019	Central South Pharmacy
Progress of Transgenic Animal Models for Preclinical Drug Carcinogenicity Testing in China	Yang Yanwei, Liu Susu, Lv Jianjun, Wang Sanlong, Zhang Su Cai, Liu Quanming, Fan Changfa	August 2019	China Pharmaceutical Affairs
Comparative Study on Immunogenicity and Kinetics of Exenatide Microspheres in Cynomolgus Monkeys	Li Hongzhen; Xia Yan; Danny; Ji Jie	July 2019	Sichuan Journal of Physiological Sciences
Analysis of Suspected Hemolytic Reaction in Long-term Toxicity Test of Chinese Herbal Compound Preparation in Rats	Wang Fang; Zhang Su Cai; Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Study on the Test Method of Type IV Allergic Reaction in Mice	Jiandong Wang; Zhang Su Cai	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Bone marrow collection from cynomolgus monkeys and its effect on animal blood cells	Qite; Zhang Dongxia; Zhang Su Cai	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Introduction and Practice of ICH Guidelines for Carcinogenicity Testing		May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Some Thoughts on Preclinical Safety Evaluation of Several Antibody-conjugated Drugs	Zou Jiajie, Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao

Preclinical safety analysis of recombinant human albumin drugs	Zhang Dongxia; Zhang Su Cai; Miyagita; Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Considerations for Preclinical Evaluation of CD3 Bispecific Antibody	Jinling Ma, Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) and students from Dawan District, Guangdong, Hong Kong and Macao 1 Proceedings of the First Summit Forum on Pharmaceutical Industry
Analysis and management of preclinical and clinical adverse reactions of tumor immune checkpoint inhibitors	Zou Jiajie, Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Significance of Plasma Concentration and Tissue Distribution Analysis of CAR-T Product in Non-clinical Evaluation	Wang Ning; Yunxia Sun	May 2019	Academic Conference on Drug Toxicology and Safety Evaluation of Chinese Society of Toxicology (2019) & Proceedings of the First Summit Forum on Biomedical Industry in Dawan District, Guangdong, Hong Kong and Macao
Nonclinical Safety Evaluation Practices and Challenges for Ocular Administration	Sun Yunxia, Li Heping, Liao Qin	October 2018	Central South Pharmacy
Key Points for Analysis of Rodent Carcinogenicity Test Results in Non-clinical Safety Evaluation of New Drugs	Zhang Sucai, Gu Lingling, Yao Dalin, Sun Yunxia, Sun Tao	December 2018	Chinese Journal of New Drugs
