

Amy Hsia

**Director of Macromolecular
Analysis**

JOINN Laboratories (Suzhou)

**AMY HSIA SERVES AS DIRECTOR OF MACROMOLECULAR
ANALYSIS AT JOINN LABORATORIES (SUZHOU)**

Ms. Hsia has over ten years of experience in macromolecular biological analysis, bioanalytical method validation, pharmacokinetics, distribution, drug immunogenicity and drug-related biomarker analysis.

In addition to conventional peptides and therapeutic protein, Amy has extensive experience in the field of gene therapy. Her gene therapy experience includes clinical and preclinical bioanalyses for cell therapy products, AAV vector and mRNA drugs. More than 40 drugs of these drugs progressed to clinical trails.
