

**Jinling Ma**

**Assistant Chief Operating  
Officer, Senior Director  
of Toxicology**

**JOINN Laboratories (Beijing)**

**JINLING MA SERVES AS ASSISTANT CHIEF OPERATING OFFICER  
& SENIOR DIRECTOR OF TOXICOLOGY AT JOINN LABORATORIES  
(BEIJING)**

Ms. Ma serves as a research associate, youth member of the 4th Drug Toxicology and Safety Evaluation Committee of the Chinese Society of Toxicology and a council member of the Pharmacology and Toxicology Branch of China Medical Association of Minorities.

Jinling has over 17 years of experience with drug safety evaluation, mainly in non-clinical safety evaluation of new drugs. As a Study Director and/or project leader, she has completed more than 200 preclinical safety evaluation projects, including various types of biological products, chemical drugs and traditional Chinese/natural medicine. She is highly experienced in the safety evaluation of antibody drugs and cell products.

In 2012, she assisted in the evaluation of drugs as an outsourced expert for the National Drug Evaluation Center. She was involved in drug development projects for 5 critical new drug creation programs for the Ministry of Science and Technology. Jinling is familiar with domestic and foreign GLP regulations and guidelines of safety evaluation and has published more than 10 papers.
