

YING HU SERVES AS DIRECTOR OF TOXICOLOGY AT JOINN LABORATORIES (SUZHOU)

Ms. Hu received a Bachelor Degree and a Masters Degree in veterinary medicine from Yangzhou University. She has over 12 years of experience in preclinical toxicity evaluation of new drugs, including chemicals, monoclonal antibody/bispecific antibody, fusion protein, vaccines, siRNA, traditional Chinese medicine, and peptides for indications of anti-tumor, anti-virus or bacteria, immunosuppressive/immune stimulants, endocrine and metabolic disorders, cardiovascular, gastrointestinal, and respiratory diseases.

Ms. Hu served as a Study Director for over 500 preclinical toxicology studies, including general toxicity, juvenile toxicity, reproductive and developmental toxicity, and local toxicity studies.

Ying Hu, BA, MS

**Director of Toxicology
Division No. 2**

JOINN Laboratories (Suzhou)
